*(Donations graciously accepted;
\$10.00 cash/check suggested.)*

The first Earth Day took place in the U.S. on April 22, 1970. Now an annual global event, Earth Day honors the achievements of the environmental movement and raises awareness of the need to protect Earth's natural resources for future generations. Earth Day is a day of reflection, learning, and celebration to inspire us all to work to create a healthy planet.

In case of rain, the event will take place inside the church.
